

Avvertenze

I disegni presenti in questo catalogo, sono stati realizzati dalla Nuova Ricambi srl, qualsiasi eventuale somiglianza è riconducibile alla similarità degli articoli in commercio.

Ne è vietata la riproduzione, anche parziale, senza autorizzazione scritta dalla Nuova Ricambi srl.

Ogni violazione sarà perseguita secondo i termini di legge.

Remarques

Les dessins présentés dans ce catalogue, ont été réalisés par Nuova Ricambi srl. D'éventuelles ressemblances peuvent dériver de la similarité des produits commercialisés.

La reproduction, même partielle, sans écrite autorisation de la Société Nuova Ricambi srl est interdite.

Toute violation sera poursuivie selon la Législation en vigueur.

Remarks

The drawings in this catalogue are realized by Nuova Ricambi srl, any similarity to other products is purely casual.

The reproduction or even partial reproduction of the same, is strictly forbidden without the written authorisation of Nuova Ricambi srl.

Any violation of these conditions will be subject to legal action.

Hinweise

Die Zeichnungen, die in diesem Katalog enthalten sind, wurden von der Firma Nuova Ricambi srl realisiert. Ähnlichkeiten mit anderen Produkten sind auf die Gleichartigkeit der vermarkteten Artikel zurückzuführen.

Jede Reproduktion und Verbreitung, ganz oder teilweise, ist ohne die Genehmigung von Nuova Ricambi Srl nicht erlaubt.

Jede Zuwiderhandlung wird gesetzlich verfolgt.

PORTAFILTRI CON MANOMETRO

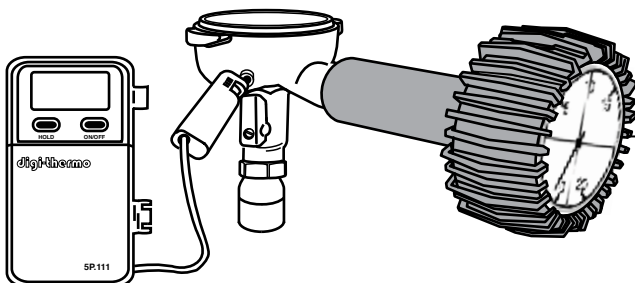

700148/Z

PORTAFILTRO CON MANOMETRO MUNITO DI ATTACCO PER L'INSERIMENTO DI UNA SONDA/TERMOMETRO PER LA MISURAZIONE, SEMPRE ALLE STESSA CONDIZIONI, DELLA TEMPERATURA E DELLA PRESSIONE DELL'ACQUA EROGATA. LA SONDA DEL TERMOMETRO DEVE AVERE UN DIAMETRO DI 4 mm, COME IL NOSTRO TERMOMETRO 620204. PERMETTE DI SETTARE LA DOSATURA SENZA USARE IL CAFFÈ.

FILTERHOLDER WITH MANOMETER AND PROBE THERMOMETER CONNECTION TO MEASURE WATER'S TEMPERATURE AND PRESSURE ALWAYS AT THE SAME CONDITIONS. THE THERMOMETER PROBE MUST HAVE A 4 mm DIAMETER, AS OUR THERMOMETER 620204. SETTING OF THE DOSES WITHOUT USING COFFEE.

502000 Filter Assembly

Patented 3D rotation

Gene Café's unique mixing rotation system features off-axis rotation to ensure even distribution of the beans and better heat circulation during the roasting process.

Removable bisected roasting chamber

The divided roasting chamber efficiently distributes the beans as they roast. Ensuring even heat flow and efficient cooling. Gene Café roasters come with a chamber stand to safely and securely hold the chamber upright for convenient filling and cleaning.

High efficiency chaff removal

Perforations in the roasting chamber divider panel help to gently remove chaff, a thin membrane surrounding the bean, and whisk it away into a spacious collection chamber that is easy to detach and empty.

Fast response heat control

A simple dial provides precise control over the nickel chrome coil heater for accurate roasting temperature while an LED display shows both the set and actual temperatures.

Dynamic roasting and cooling

A second control knob makes it a snap to change the roasting cycle time on the fly. Manually switching from roasting to cooling is as easy as pressing a button. Digital displays show roasting time and cooling status.

Automatic cooling function

The Gene Café automatically switches from roasting to cooling, and temperature sensors control the cooling process. An audible tone lets you know when the cooling cycle has completed.

Cybernetic sensor safety system

In the event that the Gene Café's roasting temperature exceeds a preset upper limit, the heater will automatically shut off.

Full range roasting

Gene Café can roast beans to any of the eight roast levels commonly referred to by coffee roasting professionals: Light, Cinnamon, Medium, High, City, Full City, French and Italian.

At home on the kitchen counter

Sleek Eurostyle design and a small footprint make the Gene Café an attractive addition to any kitchen or showroom.

Clear roasting chamber and safety cover

Being able to see the beans during roasting makes it easy to tell when you want to make time or temperature changes on the fly. The hinged safety cover helps to isolate the roasting chamber.
